## RYN AND SCHAUER HERE FOR BATTLE OF LIFE; PREDICT BOUT WILL TERMINATE BEFORE LIMIT

**By Bruce Copeland.**

Well, men, Fat Smith's trained tonight and tomorrow night at Douglas, and you'll see two of the scrappiest punches in and outers in the business of all Van Ryn and Johnny Schauer, both of St. Paul, who will strive to knock out each other's proverbial block.

It is doubtful that such indications of a real scrap have been seen in the tri-cities since the inception of the boxing fraternity. Both Van Ryn and Schauer, also their respective managers, Jack O'Grady and Mike McNulty, trainers, handlers, etc., have been waiting for tomorrow's opportunity since their previous Moline engagement when Van Ryn claimed a foul in the third round, thus ending the bout.

**One Must Surely Fall.**

Agreed on by newspaper reports of that bout from all parts of the country (both boys are favorites within a wide area), they are expected to tear into each other at the first bell and never stop until either one or the other is counted out. That is certain.

It is impossible to pick a winner. The best boy will win. I count it unfortunate that I have never seen Johnny Schauer in action; therefore, I cannot attempt to predict what the McNulty entry is apt to do. However, those who have followed Schauer's work, say he is beyond reproach as a ringster and that Van Ryn will have to be at his best to counteract his rugged, closely guarded attack.

**Not Go the Limit.**

To my way of thinking, the bout will not go the limit. There is too much of the hackneyed "bad blood" between Johnny and Van to box easily to a decision of the newspaper writers. They both want the argument settled tomorrow for all time, and the chances are it will be.

This is a case when managers' statements would be superfluous. We know their proteges are here to win and are both out to win as quickly as possible. Their antagonism has been greatly increased since their last meeting, and Fat Smith picked a date when he signed them for a return go in Rock Island, which is the logical ending stage of the tri-cities.

**Van No Quitter.**

Let this be known: Van Ryn is a quitter. I have seen and read too much about his fighting endurance such as an asperser against one of the gamiest, hardest-hitting little fellows in the ring. Van didn't quit to Schauer in Moline; he wouldn't quit to Jack Dempsey! I am neither approving nor disputing his claim of a foul. I say is:

Van Ryn will not quit to anybody. Both boys will indulge in a light workout today and then retire early. They expect to rest all day tomorrow and then enter the ring for what will be the turning point for one or the other.

**Card a Barb.**

Fat Smith has arranged a card that should assure every boxing fan that the tri-cities, adroitly matching boys who are favorites in each town. Furthermore, the outdoor engagements should prove an innovation, being the first time outdoor boxing will be enjoyed in Rock Island.

**DODGERS DEFEAT CUBS IN SECOND DOUBLE HEADER**

Chicago, July 15.—The Cubs lost two games and a small boy yesterday on the north side lot. Brooklyn won both ends of the double header by scores of 3 to 2 and 4 to 1, and between combats an 11-year-old spectator, named Blair Burns, strayed away from his father, K. L. Burns of Watertown, Wis., and had not been found when the Cub disaster ended.

Another feature of the disastrous afternoon was an unsuccessful attempt on the part of George Tyler, losing pitcher in the opening game, to induce a spectator who had been "riding" him all through the battle, to go under the grandstand and take a licking to offset the one to which Tyler had submitted. And for full measure there was a near protest by the Cub management over a freak home run which decided the first game. The protest was withdrawn for lack of grounds, wherein it differed from the embryonic scrap between Tyler and a fan. Altogether it was a busy business.

Judging from reports of the Van Ryn-Schauer boxing bout tomorrow—knockouts, etc., one would suspect that the "Follies" were going to entertain.

Van says he will knock Johnny loose from his range. Johnny promises to bust Van loose from his beauty marks. Something will hit, or Fat Smith is a tadpole.

According to the newspapers, we expect to see Jack O'Grady and Mike McNulty leading their performers to town with collars and chains.

## LEADERS BEGIN TO SHOW FORM IN NET BATTLE

Chicago, July 15.—Four Chicago players and three visiting stars held prominence in seven of the eight corners of the sixth round of the men's singles of the national play court tennis championship, at the start of play this afternoon. One fifth round match remained to be played.

The pairing for the sixth round competition today arrayed Roland Rober, San Francisco, against Ralph Burdick, Chicago; A. Lindley Murray of Niagara Falls against the winner of the fifth round contests between Joseph Armstrong of St. Paul and Alex Squier, Chicago; against Lucian Williams, Chicago; Vincent Richards, New York. These players represented the survivors in a field of 173 which began play in the tourney last Saturday.

Several feature matches also were listed for the men's doubles. In the first round, Edmund Levy and Wallace Bates of California were matched with Walter Haase and Wray Brown of St. Louis. In the second round, Ray Epstein and H. Frohlichstein, St. Louis, were opposed to a rather mediocre Chicago combination, E. McBride and R. J. Shoemaker; Armstrong of St. Paul and Harry Daidner of Winnetka, Ill., were to meet Preston Boyden, and Lucian Williams of Chicago; and Alex Squier and J. A. Squier of Chicago were paired against Walter Westbrook of Detroit and Harold Bartlett, Cleveland.

## WHITE SOX EASY FOR WASHINGTON BY SCORE OF 6 TO 4

Washington, D. C., July 15.—After getting away in rampant style with a four run lead, the pennant chasing White Sox were slaughtered in the final round of yesterday's weird combat with Washington, 6 to 4. A fluke home run in the ninth annihilated Gleason's men, although in the first three rounds they knocked the speedy curves of big Jim Shaw in such a manner that he retired.

Claude Williams, on the slab for the Sox, seemed to have all his speed and cunning, but some bad breaks got the best of him. Two were out in the fifth and two runners on when Sam Rice poled a liner to right. Joe Jackson attempted a shoe string catch when he should have taken the ball on the first hop and given the Senators one, harmless tally. He missed connections, and the ball clipped to the fence for a homer, three runs coming in. Score by innings:

## RESOLUTE AND SHAMROCK ARE RARIN' TO GO

First of Famous Yacht Races Begins Today With Cup Defending Boats Favored.

## FACTS ABOUT RACE FOR AMERICA'S CUP

The cup race contest is best three out of five.

First race, July 15; second, July 17; third, July 20; fourth, if necessary, July 22, and fifth, if necessary, July 24.

The distance of the Sandy Hook course is 30 miles.

Preparatory signal is set at 11:45 daylight saving time, warning signal 11:55, starting signal noon.

The winning yacht must cross the finish line within six hours in order to make it a race.

The fastest race since the 30 mile course was inaugurated, was made by Vigilant, on Oct. 13, 1899, 3 hours 54 minutes 29 seconds (actual time). The slowest time of a winner was in 1895, by Defender, 4 hours 55 minutes.

Moderate to fresh southwest and west breezes are predicted by the weather bureau for tomorrow's race.

## BY HENRY L. FARRELL

(United Press Staff Correspondent.)

Atlantic Highlands, N. J., July 15.—An eight-mile breeze from the southwest, likely to freshen, a glassy sea and overcast skies at an early hour today indicated unsettled weather would prevail at noon today when the Shamrock IV and the Resolute cross the line on their 30 mile race for America's cup.

Astr shortly before dawn, the Shamrock's crew were breakfasted and put aboard the challenger before 6 a. m. There was no sign of life on the Resolute until an hour later, although her mainsail was still to be bent on Shamrock's huge sail was bent on yesterday.

The white clad Lipton men bustled about the deck, grooming the racer with microscopic eyes.

**Gets Record Handicap.**

Shamrock will not use the club-top sail she was measured with and will be allowed to deduct 15 seconds from her handicap with a small sail. The handicap which the Shamrock must concede was placed at seven minutes and fifteen seconds by the race committee, the greatest handicap ever allowed.

The Resolute will go to the start a 2 to 1 favorite. Close to \$50,000 has been wagered.

Use of wireless by the press in covering the races and airplanes as carriers for spectators will be novelties. Perhaps the smallest crowd in the history of the race will view the classic. This is due to new safety restrictions which prevent many excursion boats from going beyond the three-mile limit. The race cannot go over six hours as the rules require that it cannot be sailed or finished after sundown.

**Resolute Crew 35.**

Resolute is to carry a crew of 35 in command of Skipper Charles F. Adams of Boston, while Shamrock IV will have a crew of 40 in command of Captain William P. Burton.

The start will be from an imaginary line off Ambrose Lightship. The preparatory signal will be set on the committee boat at 10:45. Ten minutes later the warning signal will follow and the starting signal will be raised in five minutes.

For a period of two minutes after the starting signal the racists may get away and have their time taken. If either fails to cross the line within the prescribed two minutes she will be penalized as her time will be taken from then on.

**Both Ready for Race.**

The reason for the handicap in favor of the American boat is that Shamrock carries approximately 1,600 square feet more canvas than its rival, which gives it a decided advantage in a head comparison. The official measurements of the two vessels follow:

	Shamrock	Resolute
Sail sea	10,459.4	8,775

## NAVY BAND BOOSTS ACT TO BE SHOWN AT WATCH TOWER

The central navy recruiting division band composed of 25 pieces, will boost the naval act "Joining the Navy," which will play at the Watch Tower park on July 13, 19 and 21. The band will arrive here on Saturday and will give several concerts on Second avenue during the day, and evening performances at the Watch Tower.

Thornley and Curran will appear in the play. The company has the endorsement of the navy department officials. The act consists of a sketch in which an officer explains the advantages to the applicant should he join the navy. The local recruiting station has nothing to do with the act, but is boosting the performance on the grounds of the success it has had in other cities.

## Carl Lundgren of Old Chicago Cubs, Agrees to Coach Illini Nine

Champaign, July 15.—Carl Lundgren, coach of Michigan, conference champions, will come to Illinois to take the place of Percy Clark as coach of the Illinois baseball team. Official announcement of the appointment was made at the gymnasium Saturday. In addition to his work as coach of the baseball team, Lundgren will be an instructor in the coaching school. He will not assist Coach Zuppke in football.

The signing of Lundgren is in keeping with Director Huff's program to provide Illinois with the best athletic coaches it is possible to obtain. "Lundgren is going to be a big addition to our coaching staff," said Director Huff in commenting upon the appointment. "He knows baseball from every angle and has had a world of experience. Not only is he well versed in every department of the game but he has the ability to teach college boys how to play ball. I think he is the best college baseball coach in the country."

Graduate of Illinois '08.

Lundgren graduated from Illinois in 1902. In his senior year he was captain of the baseball team and president of the senior class. He is thought by many to be the greatest pitcher ever developed in Illinois. He was the mainstay of the pitching staff when the Illinois team made its eastern trip in 1902. Winning seven games, except one at Harvard by a 2-1 score. The same year the team won four out of nine games in a spring series with the Chicago Nationals. Stahl, Falkenberg, Beebe and other notables were members of the same team.

The Chicago Nationals signed Lundgren when he left school and he was with them for 10 years. For several years he was the mainstay of Chicago's pitching staff and won a big percentage of his games. Not wishing to pitch in the minor leagues he took a position as coach of the varsity pitchers and the

freshman varsity team at Princeton university, after he left the Cubs. He was there two years and in 1914 went to the University of Michigan as head coach.

**Envyable Michigan Record.**

Lundgren's record at Michigan shows what he can do with a college team. The first year there he spent getting his ideas drilled into the players. The last three years he has carried off the championship in the conference with no team seriously threatening to grab the flag. Two pitchers who are of big league caliber were developed by Lundgren at Michigan. George Slicker, the sensational first baseman of the St. Louis Americans, was the best college pitcher in the country while at Michigan. His terrific hitting made him too valuable to use in the box, however, and he was shifted to first base although he can play any place. Slicker Parks, this year's captain, is another man who has been developed by Lundgren into big league material. Parks has not signed anywhere yet. Mike Knode, Michigan short stop this year, has just signed with the St. Louis Nationals.

**Has Good Material.**

Lundgren will have a bunch of pitchers with plenty of natural ability, when he starts at Illinois and as he is especially good at training pitchers he should be able to make next year's team look pretty good. Prospects for baseball are bright for next year unless some of the men withdraw from school and the new coach will have a big bunch to pick from.

Mr. and Mrs. Lundgren will move to Champaign in the fall and expect to make their home here. They are both former residents of Marengo, Ill., and will not be far from their old home. Mr. Lundgren is a member of the Kappa Sigma fraternity here and of the Druids of the University of Michigan.

## RUTH HITS HIS 28TH HOME RUN

New York, July 15.—St. Louis defeated New York yesterday, 7 to 3, driving Quinn from the box in the seventh inning. On the first pitched ball in the second inning Ruth hit his 28th home run of the season and was passed on his next three trips to the plate. He needs one more home run to equal his record of last season.

## SASH AND DOOR TEAMS MEET IN FAST PASTIME

The score of the following game of last Saturday was unavoidably misplaced and is printed herewith.—Ed.

The office and warehouse team of the Sash and Door works defeated for the second time this season the team representing the factory. This gives the office their fifth straight victory, having never been defeated in the last five years.

Oulette was in fine form for the winners, striking out nine men in four innings, and hitting a home run that was the feature of the game. The ball going over the houses facing Reservoir park. Engman, old Western and South Atlantic league veteran, went in the box in the fifth inning and toyed with the factory team, allowing them to score a few runs, but putting the damper on their hopes whenever they became dangerous. Larson caught a good, heady game.

## N. Y. GIRL BREAKS SWIMMING RECORD

New York, July 15.—Miss Ethelda Bleibtry of New York, made a new world's swimming record, 4:34 1-5 in the 300 meter swim, here yesterday.
